

SIJO SAJAN

FULL STACK .NET AND BLAZOR DEVELOPER

678-447-5126 | Atlanta, GA | sijo708@yahoo.com | <https://www.linkedin.com/in/sijosajan/> | <https://sijosajan.com/>

PROFESSIONAL SUMMARY

Dedicated, highly motivated and goal-oriented software professional trained in full-stack web application development, including front-end, back-end, and database technologies. Additionally, possesses hands-on project experience in Cybersecurity, encompassing threat analysis, network security, and social engineering. Demonstrated ability to complete tasks successfully both as part of a team and independently. Consistently eager to help troubleshoot technical issues throughout my career.

TECHNICAL SKILLS

 - **Databases:** SQL Server, PostgreSQL, NoSQL
 - **Tools:** Visual Studio, Visual Studio Code, Eclipse, STS, Wireshark, NMAP, VPNs, Firewalls
 - **Concepts:** RESTful APIs, Vulnerability Scanning, Incident Response, Secure Protocols, Network Security
-

HANDS-ON INDUSTRY PROJECTS

Tech Connect (Personal Blog)

<https://myblog-production-9fdb.up.railway.app/>

January 2024 - March 2024

- Developed user roles with differentiated permissions and access levels.
- Implemented search functionality and RESTful API for content retrieval and filtering.
- Enabled user interactions with posts and incorporated PostgreSQL for data management.
- Designed and styled the user interface using HTML, CSS, JavaScript, and Bootstrap for an enhanced user experience.

Java Spring Boot Capstone Project

Client: Infosys

December 2022 - January 2023

- Applied microservices architecture and implemented essential business logic.
 - Managed error handling and integrated resilience patterns for improved system stability.
 - Developed and tested RESTful APIs to facilitate seamless communication between microservices and external applications.
-

WORK HISTORY

Web Developer

Coder Foundry | Remote
January 2024 - March 2024

- Created and deployed full-stack applications using ASP.NET Core MVC.
- Focused on building robust databases and front-end interfaces with Bootstrap and JavaScript.

Customer Experience Agent

Alorica | Remote
July 2022 - December 2022

- Assisted customers with technical issues and maintained accurate documentation.
- Provided exceptional service, ensuring customer satisfaction and timely resolution of issues.

Tech Support Associate

Infosys | Atlanta, GA
April 2022 - May 2023

- Provided technical support, developed reference implementations, and facilitated deployment processes.
 - Documented troubleshooting steps and supported the technical team to ensure smooth go-live of new systems and processes.
-

EDUCATION

Coder Foundry

Full Stack Web Development, Certificate Program
January 2024 - March 2024

Woz U

Intensive .NET Software Development, Certificate Program
January 2022 - March 2022

NexGenT

Cyber Security Specialist Program
June 2021 - September 2021

CERTIFICATIONS

- **Full Stack Network Associate (FSNA)** – April 2021
- **NexGenT Cyber Security Associate (NCSA)** – August 2021
- **NexGenT Cyber Security Professional (NCSP)** – August 2021
- **Application Development - .NET Intensive** – March 2022
- **CompTIA Security+** – *In Progress*
